Look at What We're Doing!

Air Duct & Dryer Vent Cleaning

Pulido Cleaning and Restoration is excited to announce that we are offering residential and commercial air duct and dryer vent cleaning services! Pulido uses state of the art products and the latest technology in vent cleaning. We also have an option to disinfect and deodorize the vents during the cleaning process.

Dryer Vent Cleaning

Why Clean Your Dryer Vent?

- Prevent fires: Dryer fires are responsible for over 15,000 house fires each year
- Lower utility costs
- Improve the efficiency and life of the dryer
- Prevent mold growth
- Prevent excess carbon monoxide buildup in the home

How Do You Know If It Should Be Cleaned?

- If you have to run the dryer for multiple cycles to get clothes dry
- If the top of the dryer is hot to touch while running
- If you haven't had the vent inspected or cleaned in over 12 months
- If there is excess humidity in the laundry room during cycles
- If lint has reduced or is limited

Air Duct Cleaning

Murrieta, CA.
951-296-9090

Why Air Duct Cleaning & Disinfection?

- Improve indoor air quality by removing built up dust and allergens in the ventilation system
- Improve the efficiency of the ventilation system
- Reduce dust in the home
- Optional application to disinfect and deodorize (smoke, cooking odors, etc)

How Do You Know If They Should Be Cleaned?

- Visible dust around vents
- Air filter getting dirty more often than normal
- Mold in the home or unpleasant odors
- If the vents have not been cleaned in the past 24 months
