

NEWS: **Sun City/Menifee** Seniors Offered Free Virtual Consultations During Medicare's Annual Enrollment

Local Seniors Offered Free Virtual Consultations During Medicare Annual Enrollment

Medicare's Annual Election Period (AEP) begins October 15, 2020 and seniors concerned about the Covid-19 virus and social distancing can benefit from a special opportunity.

"During AEP, millions of Medicare beneficiaries have only 54 days to add, change or drop their Medicare Part D or Medicare Advantage plan coverage for the next year," shares **Nicholas Murch** a local independent insurance agent with **HCAG Medicare Insurance Agency** living right here in Menifee.

"You can get improved coverage and possibly save money for the coming year," Nicholas explains. "Medicare requires people to act before December 7th and because of Covid-19 many seniors want to avoid face-to-face meetings."

To help area seniors compare their Medicare options during AEP **Nicholas** is offering free consultations via phone and/or video conferencing. "With seniors at high risk because of the coronavirus pandemic, we've had to change from home and in-office visits to virtual one-on-one assistance," adds Murch. Although, at home visits are still available if preferred, but done in a safe, compliant manner.

Free Medicare consultations will begin on October 1st and include a review of Medicare options including Medicare Prescription Drug Plans. No one is required to give personal or sensitive information, nor will they have to sign up with the agency or representatives in order to receive the free consultation.

To arrange a no-cost Medicare coverage evaluation during AEP call Nicholas Murch at (888) 550-5556.
